**Conditions and Safety Regulations for Electrical Services**

Wall, column and permanent building utility outlets are not part of booth space and are not to be used by exhibitors, unless specified otherwise. All equipment, regardless of source of power, must comply with all federal, state and local building and safety codes. All service connections and overload protection to such equipment must be made by Griffin Electric Company only. All equipment must be properly tagged and wired with complete information as to type. All appropriate exhibitor's extension cords must be of the three-wire grounded type; residential-type extension cords and power strip cords are prohibited by local building and safety codes. All exposed non-current carrying metal parts of fixed equipment, which are liable to be energized, must be grounded.

The parties agree that the implied warranties of merchantability and fitness for a particular purpose and all other warranties, expressed or implied, are excluded from this agreement. Griffin Electric Company does not assume any liability for damages or any type whatsoever or loss of anticipatory profits resulting from the use of equipment or services or delivery or installation, or damage of sort whatsoever to user's goods or equipment arising from any cause whatsoever.
