- Fire regulations prohibit storing product, literature, empty packing containers or packing materials behind back drapes or under draped tables. However, exhibitors may store a daily supply of literature or product appropriately within the exhibit space area, so long as these items do not impede access to utility services, create a safety problem, or look unsightly. Any excess samples beyond a daily supply can be stored during the show through the general service contractor.
- Empty crates, cartons and boxes must be removed from the exhibitor's booth. Empty containers will be picked up by the general service contractor and returned at the conclusion of the show.

# 33. Show Directory

Exhibitor information will be published as part of the official show directory, if directory information is submitted by the deadline date. Only exhibitors with valid exhibit contracts will be listed in the event directory. The exhibitor waives and indemnifies show management and its agents from and against any and all claims against show management with respect to errors and omissions in the directory. The exhibitor shall be responsible for the content of its entries.

### 34. Sound/Music/Noise

- In general, exhibitors may use sound equipment in their booths so long as the noise level does not, in the exclusive judgment of show management, disrupt the activities of neighboring exhibitors. Speakers and other sound devices should be positioned so as to direct sound into the booth rather than into the aisle.
- Sound and noise should not exceed 85 decibels when measured from the aisle immediately in front of a booth.
- Exhibitors should be aware that music played in their booths, whether live or recorded, may be subject to laws governing the use of copyrighted compositions. ASCAP, BMI, and SESAC are three authorized licensing organizations that collect copyright fees on behalf of composers and publishers of music. Show management does not have a license with any licensing agencies; therefore, exhibitor is responsible for obtaining licensing directly. Adherence to these mandated copyright licensing laws is of critical importance.

# 35. Staffing of Booth

- The exhibitor will not dismantle their display prior to the stated closing of the show. No exhibit or any part thereof may be removed during the period of such exhibition without the approval of show management. Exhibitors should make travel and staffing arrangements accordingly.

- Unless arrangements are made prior to the event, any space not claimed and occupied by 6:00pm on Monday, October 30 may be resold or reassigned by show management, without obligation on the part of show management for any refund to the exhibitor whatsoever.
- Any exhibitor that fails to occupy its assigned exhibit space by the end of published set-up hours, leaves its exhibit space unattended during event hours, or begins dismantling of exhibit space prior to the close of the event, may forfeit its right to the exhibit space and its eligibility to exhibit at future events.
- Exhibit personnel shall wear professional attire consistent with the event decorum.
- Attendants, models and other employees must confine their activities to the contracted exhibit space. Exhibitor's personnel and representatives may not enter the exhibit space of another exhibitor without permission from that exhibitor, and at no time may anyone enter an exhibit space that is not staffed. Neither the exhibit area nor other areas of the facility shall be used for any improper, immoral, illegal or objectionable purpose. All personnel of exhibitor, including personnel retained by exhibitor to be in or around its booth, must wear appropriate apparel at all times. Show management reserves the right to make determinations on appropriate apparel and entertainment activities conducted by exhibitors. Violators may be escorted from the event and exhibitor may be subject to a loss of priority points.

#### 36. Strolling Entertainment

Strolling entertainment or moving advertisements (robots, persons carrying or wearing signs, scooters, etc.) outside an exhibitor's space are not permitted. Repeat violations will result in the confiscation of materials/promotion items involved in the violations and loss of priority points.

#### 37. Suitcasing

• Suitcasing is defined as any activity designed to solicit or sell products or services to delegates attending a meeting, conference, or event without the proper authorization by show management or in ways that violate the rules of the event. Any attendee who is observed to be soliciting business in the aisles or other public spaces, in another company's booth, or in violation of any portion of this policy, is subject to removal without refund and additional penalties.

IGES • LeConte Center at Pigeon Forge • Pigeon Forge, TN • November 1-4, 2017

exhibit space, confirmed meeting or conference space or within the event as authorized by show management.

within [state restriction—include metrics if needed] of the exhibit facility without the permission of show
management are in violation of this clause.

- Display vehicles must have battery cables disconnected and taped, alarm systems deactivated, fuel tanks no more than 1/4-tank full or five gallons (include metric), whichever is less, and fuel tank filler caps locked and/or sealed.

- Display vehicles are permitted to occupy no more than 80 percent of the contracted exhibit space, and must conform to cubic content rules.

- Booth vehicles must be set back 10 inches (.26 meters) from the aisle to prevent damage from aisle carpet installation.
- Once placed, display vehicles cannot be started or moved without the approval of show management and the direction of the general service contractor. No battery charging is permitted inside the building.
- Auxiliary batteries not connected to engine starting system may remain connected.
- External chargers or batteries are allowed for demonstration purposes.

# STANDARD INLINE BOOTHS

IGES • LeConte Center at Pigeon Forge • Pigeon Forge, TN • November 1-4, 2017

#### **HEIGHT**

Exhibit fixtures, components and identification signs are permitted to a maximum height of 10 feet (12 feet for perimeter booths). All logos and signs must face the inside of your booth space.

#### INTENT

As a courtesy to neighboring booths, we must keep a consistent height regulation. If any part of your booth, including signs, exceeds 10 feet in height, you will be asked to conform on-site. If exhibitor does not comply after a written warning has been issued, Show Management reserves the right to remove or order a cover from Shepard. Exhibitor will incur a cost.

#### **BOOTH CONSTRUCTION**

IGES Show Management provides the following exhibit equipment: 8-foot-high white backdrape, 8-foot-high white side drape (see solid lines on diagram). The broken line (---) represents permitted sidewall, backwall and front entry extensions. Floor space area for standard exhibits is 10 feet x 10 feet. If you have a hardwall booth, please allow space for electrical drops behind your booth. It is recommended the depth of your booth (front to back) be 9'6" to accommodate electrical drops. It is the responsibility of the exhibitor to cover exposed side or backwalls if they are unfinished or unsightly. Show Management reserves the right to deem what is unsightly and may order a cover for the unfinished wall. Exhibitor will incur the cost.

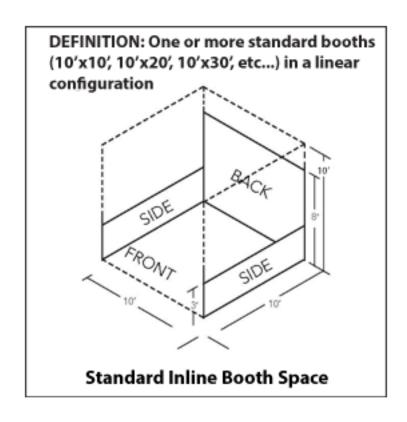

### **SIGN REQUIREMENTS**

# **Hanging signs are not permitted for Inline Booths**

Signage, props and display materials may not exceed an overall height of 10 feet. All signage must be placed from the ground up and stay within your exhibit space. All signage must be one-sided facing inward towards your booth.

# **SOUND AND NOISE LEVELS**

Show Management will measure sound pressure levels with a Calibrated Sound Level Meter. Exhibitors must regulate their own booth to be sure the noise levels from their demonstrations or sound systems are kept to a minimum (below 85 dB) and do not interfere with other exhibits. Remember the use of sound systems or equipment producing sound is a privilege. Show Management reserves the right to determine at what point sound constitutes interference with others and must be discontinued. Per your space contract, exhibitor agrees that it will not violate any copyrights at the show and assumes sole liability and responsibility

for the use of copyrighted materials at the show. Exhibitors will obtain any and all necessary licenses from copyright owners.

# **FIRE CODE REGULATIONS**

All exhibit materials (including chairs) must be kept out of the aisles. Booth materials must be flame retardant to the satisfaction of the Fire Marshal by a flame-retardant certification or ability to pass onsite flame test. # PENINSULA, ISLAND & INLINE 20X20 OR LARGER BOOTHS

IGES • LeConte Center at Pigeon Forge • Pigeon Forge, TN • November 1-4, 2017

#### **HEIGHT RESTRICTIONS**

Exhibit fixtures, components and identification signs are permitted to a maximum height of 16 feet.

Peninsula booths are normally "faced" towards the cross aisle. Any portion of the exhibit bordering another exhibitor's booth must have the back side of that portion finished and must not carry identification sign or other copy that would detract from the adjoining exhibit. If exhibitor does not comply after a written warning has been issued, Show Management reserves the right to order a cover from Shepard. Exhibitor will incur the cost.

Multi-story exhibits (a booth where the display fixture includes two or more levels) require prior approval by the exhibit facility, and/or relevant local government agency, as well as show management because it is deemed to be a "structure" for building purposes. All Multi-Level and Covered exhibits require a plan that is signed, sealed (with official seal) and dated by a registered architect or engineer and a certificate of flame retardant materials submitted to show management and the facility at least 60 days in advance.

### **SIGNS & BANNERS**

Banners may be hung above peninsula displays that are a minimum of 20' X 20'. Each sign or banner must be set back at least 25% of booth's width dimension from the back line of the booth. Hanging signs and graphics are permitted in all standard peninsula, split island and island booths to a maximum height of 16 feet from floor to the top of the sign.

### **SOUND AND NOISE LEVELS**

Show Management will measure sound pressure levels with a Calibrated Sound Level Meter. Exhibitors must regulate their own booth to be sure the noise levels from their demonstrations or sound systems are kept to a minimum (below 85 dB) -and do not interfere with other exhibits. Remember the use of sound systems or equipment producing sound is a privilege. Show Management reserves the right to determine at what point sound constitutes interference with others

Booth materials must be flame proofed to the satisfaction of the Fire Marshal by a flame-retardant certification or ability to pass an on-site flame test. Contact the Show Management at 949-226/5709 for exact specifications relative to your booth size and structure.

# THANK YOU FOR YOUR COOPERATION

# **SAMPLING & DEMONSTRATIONS**

IGES • LeConte Center at Pigeon Forge • Pigeon Forge, TN • November 1-4, 2017

#### **REGULATIONS**

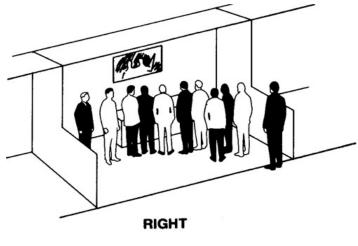

Demonstration areas must be organized within the exhibitor's space so as not to interfere with any traffic aisle. Sampling or demonstration tables must be placed a minimum of 2 feet (60cm) from the aisle line. Should spectators or samplers interfere with the normal traffic flow in the aisle or overflow into neighboring exhibits, Show Management will require that the presentation or sampling be eliminated.

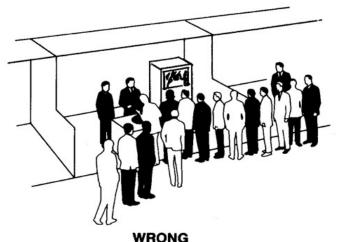

#### INTENT

The aisles are the property of the entire show and each exhibitor has the responsibility to assure proper flow of traffic through the entire show. When large crowds gather for a demonstration or sampling and interfere with the flow of traffic down the aisles or crowd in neighboring booths, it is an infringement on the rights of other exhibitors. Aisles must not be obstructed at any time.

#### **SOUND**

Show Management will measure sound pressure levels with a Calibrated Sound Level Meter. Exhibitors must regulate their own booth to be sure the noise levels from their demonstrations or sound systems are kept to a minimum (below 85 dB) and do not interfere with other exhibits. Remember the use of sound systems or equipment producing sound is a privilege. Show Management reserves the right to determine at what point sound constitutes interference with others and must be discontinued. Per your space contract, exhibitor agrees that it will not violate any copyrights at the show and assumes sole liability and responsibility for the use of copyrighted materials at the show. Exhibitors will obtain any and all necessary licenses from copyright owners.

#### **SAFETY PRECAUTIONS**

All product demonstrations involving any moving and potentially hazardous machines, displays or parts, must have hazard barriers to prevent accidental injury to spectators. Demonstrations must always be supervised by exhibitor personnel who can stop the demonstration in the event of an emergency. All demonstrations involving potentially hazardous by-products, such as dust, fumes, sparks or flames, must be approved in writing by the local County Fire Department and by Show Management 60 days prior to the show.

# **INSURANCE REQUIREMENTS**

IGES • LeConte Center at Pigeon Forge • Pigeon Forge, TN • November 1-4, 2017

You must now submit your insurance documents online. <u>Click here</u> and log-in to the exhibitor portal using the password supplied to your company. You may then upload your company's proof of insurance. Be sure the name of the attachment reflects the name of the insured exhibiting company.

IGES does not provide any type of insurance coverage for the property and/or personnel of exhibiting companies. Exhibitors must maintain insurance that meets the requirements below and provide proof to IGES prior to the show. To protect your property and staff we suggest taking the following steps:

# **Property Insurance**

Contact your insurance broker or carrier to obtain a policy to cover the value of your booth, equipment, product and supplies. If you already have property insurance, confirm that it will extend to your property during shipping and at the show. Many insurance policies only cover property at a listed location or within 1,000 feet of that location. If you use an independent contractor for installation or dismantling, review the agreement carefully to determine what insurance may be available if damage occurs as a result of their negligence.

#### **Insurance Requirements**

As stated in your Exhibit Space Agreement, an exhibitor shall, at their own expense, secure and maintain through the terms of your booth space contract, including move-in and move-out days, the insurance listed below. - Automobile Liability insurance with limits not less than \$500,000 each occurrence combined single limit for bodily injury and property damage, including coverage for owned, non-owned and hired vehicles, including loading and unloading operators. Auto coverage is only required if there is a vehicle in your booth *or* if you are using a designated loading/unloading area i.e. POV area.

Comprehensive general liability and automobile liability insurance policies shall name as additional insured Emerald Expositions, the Event Facility, and each of its subsidiaries, affiliates, officers, directors, employees, agents and representatives. # SHIPPING INFORMATION (cont'd)

IGES • LeConte Center at Pigeon Forge • Pigeon Forge, TN • November 1-4, 2017

# **General Shipping Information**

Plan to use two labels on each piece you will be shipping and mark your booth number plainly with crayon, ink, brush or stencil. All shipments must be properly boxed or crated. Articles packed in excelsior (wood shavings) must be entirely enclosed due to fire hazard.

#### **Preparing Your Booth & Equipment for Shipping**

A significant portion of your on-site labor charges can be eliminated or greatly reduced by following some simple suggestions:

- Prior to leaving your plant or office, make sure as much of the electrical interconnection and complex wiring to your equipment, as possible, is done.
- ♦ Wherever possible, use standard "twist-lock" receptacles and other such devices, which will eliminate on-site electrical wiring charges.
- Ship as much of your materials and cartons as possible. This will reduce your on-site handling charges and minimize damage to your equipment.
- ♦ The person in charge of installing your exhibit should know HOW and WHEN shipments were made in case they become lost. Memoranda of shipping details in their possession will save valuable time.

### Bills of Lading - Inbound Freight

# ♦ A copy of this bill should be forwarded to SHEPARD.

A Bill of Lading is your instructions to the shipping carrier who will deliver your materials to either the warehouse or exhibit hall. The bill of lading should indicate the number of pieces in your shipment and a description of the pieces (carton, crate, skid, etc.). Before shipping, make a copy for your reference. Upon arrival of your goods at the destination, your carrier will verify the number and type of pieces in your shipment and provide you with a copy of the bill of lading.

To aid in tracing your shipment, a copy of this bill should be forwarded to Shepard.

Freight shipments should be made on straight bills of lading, which should be carefully prepared to show number of pieces, weight, classification, etc. A delivery ticket showing the number of pieces, classification, weight, etc. should accompany shipments made with anything other than straight bills of lading. WHERE EXHIBITORS FAIL TO PROVIDE ACCURATE WEIGHTS, SHEPARD SHALL DETERMINE WEIGHT AND CHARGE ACCORDINGLY.

If an exhibitor sells any equipment and/or supplies from his exhibit, the exhibitor MUST complete a Property Pass for the buyer. This Property Pass is required in order for the buyer to remove the product and will be collected by show security at the point of exit. Property passes may be picked up from the show office, security guard personnel or at the Shepard Service Desk.

If an exhibitor sells any equipment and/or supplies which the customer will pick-up or remove from the hall at the close of the show via the loading dock, the exhibitor must complete a bill of lading naming the customer as purchaser. Both the exhibitor and the customer must have a copy of this bill of lading in order to gain admittance to the exhibit hall dock to remove items from the hall. The customer will be required to check-in with their vehicle at the designated Shepard check-in area in order to be dispatched to available dock space (please see "Exhibitor Unloading" and "Privately-Owned Vehicles" for more information). Please note that the exhibitor is responsible for any move-out charges.

The name "Shepard" shall be construed within the meaning of this contract as Shepard Exposition Services, Inc. and its employees, officers, agents, and assigns including any subcontractors Shepard may appoint. The term "exhibitor" refers to any party who contracts for services with Shepard. Shepard shall be responsible only for those services which it directly provides, and hereby agrees to execute its contracted duties in good faith. Shepard assumes no responsibility for any person, parties, or other contracting firms not under Shepard's direct supervision and control. Shepard shall not be responsible for loss, delay, or damage due to strikes, lockouts, work stoppages, natural elements, vandalism, acts of God, civil disturbances, power failures, acts of terrorism or war, or any other causes beyond Shepard's reasonable control; or for ordinary wear and tear in the handling of materials. Due to the security and liability requirements, Shepard personnel will unload all vendor materials from the loading docks to the booths.

#### **INDEMNIFICATION**

The exhibitor agrees to indemnify, forever hold harmless, and defend Shepard and its employees, officers and agents from and against any and all claims, causes of action, fines, penalties, damages, liabilities, judgments, and expenses on account of personal injury or death, damage to or loss of property or profits arising out of, or contributed to by any of the following: (1) exhibitor's negligent supervision of any labor secured through Shepard or the negligent supervision of such labor by any of the exhibitor's employees, agents, representative, invitees, and/or exhibitor appointed contractor (EAC); (2) exhibitor's negligence, willful misconduct, or deliberate act, or such actions of exhibitor's employees, agents, invitees, representatives, or EACs at the show to which this contract relates, including but not limited to the misuse, improper use, unauthorized alteration, or negligent handling of Shepard equipment; or (3) exhibitor's violation of Federal, State, or Local ordinance; or violation of show regulations and/or rules as published by the Facility and/or Show Management.

#### **CLAIM(S) FOR LOSS AND PAYMENT FOR SERVICES**

Exhibitor agrees that any and all claims for loss or damage shall be submitted to Shepard prior to the conclusion of the show when the alleged loss or damage occurred prior to that time, and in all cases within 30 days of the conclusion of the show. For claim reporting purposes, the "conclusion" of the show shall be construed as the end of the day on which exhibitor must vacate the show site. All claims reported after the 30-day period will be rejected. In no event shall a suit or action be brought against Shepard more than one year after the date the loss or damage occurred. Payment for services may not be withheld. In the event of any dispute between Shepard and the exhibitor relative to any loss or damage claim, the exhibitor shall not be entitled to and shall not withhold payment for Shepard services as an offset against the amount of the alleged loss or damage. Any claim against Shepard shall be considered a separate transaction and shall be resolved on its own merit.

# **SHEPARD'S LIMITS OF LIABILITY**

If found liable for any loss or damage, Shepard's sole and maximum liability for loss or damage to exhibitor's materials will be limited to the repair or replacement with like kind and quantity, subject to a dollar amount not to exceed \$5.00 (five dollars) per pound based on the weight of the articles for which Shepard specifically acknowledges receipt in writing. Shepard shall in no event be liable for collateral, exemplary, indirect costs or damages, or loss of sales resulting from, or related to, a claim for loss of or damage to material.

# **INBOUND AND OUTBOUND SHIPMENTS**

Consistent with trade show industry practices, there may be a lapse of time between the delivery of shipment(s) to the booth and the arrival of the exhibitor or his representative. During such time, the materials will be left unattended. Shepard is not, and cannot be, responsible for loss, damage, theft, or disappearances of exhibitor's materials after same have been delivered to the exhibitor's booth. Similarly, there may be a lapse of time between the completion of packing and the actual pick up of exhibitor's materials from the booth for loading onto a carrier. During such time, the materials will be left unattended. Shepard shall not be responsible for loss, damage, theft, or disappearance of exhibitor's materials before same have been picked up for loading after the show. All materials will be checked at the booth at the time of loading using document(s) submitted by the exhibitor and notations of exceptions to conditions of materials or piece counts will be made on said document. Shepard assumes no responsibility for loss, damage, theft, or disappearance of exhibitor's materials after same have been delivered to exhibitor's appointed carrier or agent for transportation after the show. Shepard loads materials onto the carrier's truck under the supervision of the carrier driver who checks and signs for the materials. Shepard assumes no liability for any materials after the carrier assumes custody of materials. If exhibitor's designated carrier fails to show by the move out deadline after a show, Shepard shall have the authority to route exhibitor's shipment via an alternate carrier, or return shipment to a local warehouse for disposition at exhibitor's expense.

# LABOR JURISDICTIONS Pigeon Forge

#### **LABOR**

Tennessee is a "right-to-work" state. Exhibitor personnel may set up their own exhibits if so desired using their own tools and company personnel. Union Labor is available to assist in the installation and dismantling of exhibit booths. Exhibit labor, freight and rigging labor, electricians and plumbers can be arranged for at established rates, using the enclosed order forms.

#### **EXHIBIT LABOR JURISDICTION**

Exhibit labor claims jurisdiction for the installation, dismantling, and first cleaning of prefabricated exhibits and displays when this work is done by Shepard personnel. They may be employed by completion of labor forms enclosed in this manual.

Union Labor is not required to put your products on display, to open cartons containing your products, nor to perform testing, maintenance or repairs on your products.

#### MATERIAL/FREIGHT HANDLING JURISDICTION

Shepard Exposition Services has the responsibility of receiving and handling all exhibit materials and empty crates that comes in via over the road carriers. It is Shepard's responsibility to manage docks and schedule vehicles for the smooth and efficient move-in and move-out of the exhibition. Shepard will not be responsible, however, for any materials they do not handle.

Exhibitors may deliver their own materials into the exhibit facilities; however, the use or rental of dollies, flat trucks, pallet jacks, and other mechanical equipment is not permitted. Shepard Exposition Services will control access to the loading docks in order to provide a safe and orderly move in/move out.

Vehicles must not be left unattended at the loading areas. Any unattended vehicles will be towed at the owner's expense.

The Fire Marshal absolutely prohibits the storage of empty containers in the exhibit hall. Arrangements have been made with Shepard Exposition Services to store empty crates. Please refer to the Material Handling Information sheet in this service manual for the handling of empties, disposal of skids, etc.

#### **GRATUITIES / BREAKS**

Tipping is expressly prohibited. This includes such practices as giving money, merchandise, or other special consideration for services rendered. Do not give coffee breaks other than mid-morning and mid-afternoon, when the union has a 15 minute paid break. Meal breaks are one hour. Any attempt to solicit a gratuity by an employee for any service should be reported immediately to Shepard Exposition Services.

#### **IN GENERAL**

Exhibitors do not have to respond to grievances or complaints from union and trade personnel with respect to work jurisdictions. Please refer all such disputes and/or questions to Shepard management personnel immediately.

#### **SAFETY**

Safety of everyone working in the hall is of our utmost concern at all times. Standing on chairs, tables and other rental furniture is prohibited. #### **MATERIAL HANDLING INFORMATION & ADDITIONAL CHARGES**

#### SPECIAL HANDLING DEFINITIONS

#### Rate as shown on Material Handling Authorization Form

Shipments received that are packed in a manner as to require additional handling/labor are deemed special handling. Examples of shipments falling into this category would be constricted space unloading, ground unloading, stacked shipments, designated piece unloading, shipment integrity, mixed shipments, no bill of lading or documentation, carpet/pad only shipments.

- •Constricted Space Freight packed in trailer to full capacity. Shipments are not easily accessible because trailer is loaded by cubic space, or top to bottom and side to side.
- •Stacked Shipments Shipments with multiple pieces stacked on top of one another throughout the majority of the truck or trailer requiring unstacking during the unloading process.
- •Mixed Shipments Mixed shipments are shipments that contain a mixture of uncrated and crated materials, and the uncrated portion is minimal deeming the shipment special handling but not uncrated. But in cases where greater than 50% of the load by volume is uncrated the load will be categorized as uncrated.
- •Shipment Integrity Shipments loaded on a carrier in a manner requiring separating or sorting to reestablish the integrity of each shipment.
- •Carpet/Pad Only Carpet and/or pad only shipments are time and labor intensive, and require additional manpower and tools (e.g. carpet poles, flatbed carts or scooters, dollies).
- •No Documentation Shipments received from small package carriers (including, among others, Fed Ex, UPS, & DHL) that are delivered without documentation or bills of lading that require additional sorting, processing, and tools for delivery.
- •Designated Piece Unloading Shipments loaded in such a manner that require the unloading/loading crew to be directed by driver remove items in a particular order, or unloading and reloading items to reach certain pieces behind others remaining on the trailer.

DISPOSAL FEE Fee: .75 Per Lb Labor Rate: 104.00 Per Hour ( OT/DT rates may apply)

A disposal fee & minimum 1 hr labor will be charged for all booth materials (booth displays, flooring, etc.) that are left unclaimed after show move-out.

#### OVERTIME/DOUBLE TIME Surcharge: Overtime: 30% Double Time: 50%

Shipments that are moved and/or handled on overtime and/or double time hours will incur a surcharge based on the handling times noted on the receiving/shipping documents. Drivers picking up outbound shipments will be sequenced for loading ONLY after a bill of lading is submitted to the Shepard Service Desk AND the driver has checked in.

#### WAREHOUSE OVERTIME/DOUBLE TIME Surcharge: Overtime: 30% Double Time: 50%

Advanced shipments may be received during straight time hours at the warehouse location, however an overtime/double time surcharge may be applied to an advanced warehouse shipment due to required delivery schedule based on show move-in and move out hours beyond our control. This would also be true if freight was received after hours at the warehouse trapping facility.

#### EARLY/LATE SHIPMENTS TO WAREHOUSE Surcharge: 25%

Minimum: \$50.00

35003

35250

A surcharge will apply to shipments not arriving within the published dates (refer to Show Information page for dates) for advance warehouse or arriving on show site after show opening. Any shipment arriving to showsite after show open will be charged a surcharge.

#### UNCRATED SHIPMENTS

#### Rate as shown on Material Handling Authorization Form

An additional charge of 50% (or as stated on Material Handling Authorization page) of the applicable material handling charge at the time of delivery shall be charged for all loose, uncrated, or unprotected shipments received at the show site docks. The charge is a one-time charge that includes both move-in and move-out of the show, and is based on the weight of the shipment handled.

OFF-TARGET DELIVERIES Surcharge: 15% Minimum: \$50.00 35004

For targeted shows (exhibitors who received/requested a Targeted Date/Time), a surcharge will apply if shipment is not delivered (or carrier has not checked in) during assigned target date/time.

An additional charge per forklift load will be applied to shipments that have to be reweighed at the dock due to the lack of a certified weight ticket, or an incorrect or understated weight on a delivery document.

#### EMPTY CRATE STORAGE Surcharge: \$25.00 per piece, Minimum \$50.00 35105

A charge per crate, carton or skid applies when Shepard handles the storage and return of empties from a shipment not received by Shepard and therefore not subject to material handling charges.

#### SMALL PACKAGE CONSOLIDATION

Cartons weighing 30lbs or less will qualify for the small package rate. Should one delivery contain 15 or more small packages, it can be consolidated and charged as standard material handling for a lower rate. Packages exceeding 30lbs will be billed standard Material Handling fees at the prevailing show rates.

#### ENVELOPE DELIVERIES Surcharge: \$10.50 per envelope 35007

During show hours at the show facility, a charge will apply to receiving and delivering envelope packages to your booth.

#### **Clean Floor Policy:**

All crates and skids must be tagged and removed from the exhibit floor no later than 5:00 pm on Monday, October 30, 2017. This will allow Shepard sufficient time to complete the laying of the aisle carpet and the overall cleaning of the exhibit hall as well as provide exhibitors the space to complete their booth set up by keeping aisles clear. There will be no exceptions to this policy. Crates without empty or access storage stickers will be tagged by the area floor managers or Shepard and removed from the exhibit hall – whether full or empty. Exhibitors may request product to be returned to their booth at the exhibitor's expense. Depending on where the crates are located, it may not be possible to access the crates prior to move-out.

# MATERIAL HANDLING 101

#### **IGES PF 2017**

#### **MATERIAL HANDLING Q&A**

#### What is material handling (also referred to as drayage)?

Material handling is the process of unloading your freight from your shipping carrier, either at the warehouse or show site, delivering it to your booth, storing your empty containers (empties) if required, returning of your empties at the close of show, and then reloading your freight back onto your shipping carrier.

#### What is the definition of "freight"?

Any exhibit materials that are shipped or delivered to the advance warehouse or show facility via shipping carrier, POV, or delivery truck.

#### What is a "certified weight ticket"?

A printed weight ticket from a scale certified or inspected by a government authority such as the Dept. of Agriculture, indicating the date weighed, the weight of the shipment and the vehicle ID of the unit being weighed.

#### **IMPORTANT FACTS ABOUT ADVANCE SHIPMENTS**

#### What are advance shipments?

All shipments that are addressed to the advance warehouse address (please refer to "Advance Warehouse" shipping labels included in this manual).

Shepard will begin accepting your shipments 30 days prior to first show open day (date may vary depending on show schedule).

The warehouse will receive shipments Monday-Friday, 8:00am - 4:00pm, excluding holidays.

Shipments must arrive by advance warehouse deadline date to avoid a late surcharge. (Please refer to the "Show Information" page included with this manual for deadline date.)

Crates, cartons, skids, fibercases, and carpets can be accepted at the warehouse, but DO NOT ship crates weighing over 5,000 lbs., loose/uncrated shipments and/or machinery to warehouse. You must ship those items direct to show site.

All shipments must have a bill of lading or delivery slip indicating number of pieces and weight. **Certified weight tickets required.** 

All shipments must be prepaid, no collect on delivery shipments will be accepted.

#### **MATERIAL HANDLING CHARGES**

#### What determines how much I'm charged?

Charges are based off the weight from your inbound weight ticket included with your shipment.

#### How do I calculate material handling charges?

Material handling services, whether used completely, or in part, are offered as a package. When recording weight, round up to the next 100 lbs. EXAMPLE: 285 lbs. = 300 lbs./100 lbs. = 3 X RATE = \$ Amount or minimum charge, whichever is greater.

#### Will there be any additional charges?

Additional charges may apply. Please review the Material Handling Authorization and Material Handling Additional Services forms included in the manual for all applicable fees.

#### **SMALL PACKAGES**

#### What are small package carrier shipments?

Shipments that arrive via small package carrier such as FedEx Express Service, UPS small package service, DHL small package service, and other carriers in this category and do not have a **certified weight ticket** included with shipment. This applies to packages weighing under 30 lbs.

#### How do I calculate my small package carrier shipment?

Charges for small package carrier shipments are based on per carton, per delivery. Example: I'm shipping 3 packages via FedEx, how much will I be charged?

3 x per carton rate = \$ amount charged (plus any additional fees that may apply)

Please be advised that your whole shipment may not arrive to its destination at one time. Therefore you may be charged per each delivery, and minimum charges may apply.

#### **CRATED~UNCRATED~SPECIAL HANDLING**

#### What are CRATED materials?

Materials delivered that are skidded or in a container that can easily be unloaded/reloaded with no special handling required.

#### What are UNCRATED materials?

Materials delivered that are loose, pad-wrapped or unskidded without proper lifting bars and/or hooks.

#### What is SPECIAL HANDLING?

Shipments delivered that require extra labor for stacking or unstacking containers on a truck, tarping or untarping freight or containers, or rigging pieces for loading or unloading on a truck or from the ground, or other circumstances requiring the rehandling of materials. Cannot be completed solely with one forklift and operator.

#### What is the difference between material handling and shipping?

**Shipping** is the process of carrying your shipment from your location, pick-up area to it's destination and also the process of returning your shipment back to your location after the close of the show. **Material handling** begins at the time your shipment arrives to the docks (please refer to "What is material handling?" for the full definition.)

#### Do I need to order a fork lift to unload or reload my freight?

No. please do not order a forklift for unloading/reloading of your materials.

#### What does CWT mean?

CWT is an acronym for Century Weight, therefore it means per 100 lbs.

#### **IMPORTANT FACTS ABOUT DIRECT SHIPMENTS**

#### What are direct shipments?

All shipments that are addressed directly to the exhibit facility (please refer to "Direct to Show" shipping labels included in this manual).

Shipments must arrive during published exhibitor move-in times only. Do not ship direct to show site in advance. If delivery cannot be guaranteed to arrive during exhibitor move-in, shipment must go to advance warehouse.

All shipments must have a bill of lading or delivery slip indicating number of pieces and weight. **Certified weight tickets required.** 

Crates weighing over 5,000 lbs. or loose/uncrated shipments must be shipped direct to show site to arrive during exhibitor move-in times. All shipments must be prepaid, no collect on delivery shipments will be accepted.

#### LIABILITY INSURANCE

#### What is and why would I need liability insurance?

Accidents happen, therefore, most show organizers and facilities require liability insurance. Please refer to your booth contract for exact minimums required.

Please make sure your materials are covered from the moment they leave your company location to the time they return after the close of the show.

If applicable, included in your manual is information and an application for liability insurance and booth coverage can also be purchased to protect your valuable exhibit materials.

#### **OUTBOUND SHIPMENTS**

You must complete a Shepard Material Handling Agreement (MHA) for all outbound shipments. A MHA will be distributed at show site if all services have been paid in full, or you can request one at the customer service desk.

Upon completion of packing and labeling of your materials, complete the bill of lading with all required information, and return to customer service. If you have questions on how to complete your bill of lading, please ask a Shepard customer service representative located at the customer service desk.

If you are NOT using the designated shipping carrier, you must call your carrier with pick-up information. If your carrier fails to pick up your shipment, Shepard will either reroute your freight through the carrier of our choice or return to the local warehouse (whichever is indicated on your MHA).
